

## FACILITATING FINE MOTOR DEVELOPMENT: INFANT-TODDLER

Luz's curriculum provides guidance on how to use the home as a learning environment. It also includes suggested learning experiences of scribbling and putting objects into and out of a container to support a toddler's fine motor skills. Use this handout to record what you notice about the child's development and learning and how Luz uses her program's curriculum responsively with the family and child.

- What are some of the child's current and emerging knowledge, skills, and behaviors?
- What are some of the Early Learning Outcomes Framework (ELOF) goals addressed in the learning experiences that Luz and the mother planned?
- In what ways do you think Luz used her curriculum's guidance responsively with this family and child?
- What might Luz and the mother plan next to extend the child's fine motor, gross motor, and perceptual skills?
