

DEVELOPING AN ACTION PLAN

Directions: Now it's your turn to plan how you can take the information from this presentation back to your classroom/center. Using the table below outline five extended conversations you can have with infants, toddlers, or preschool children.

When can I engage children in extended conversations? (time of day/ location in classroom)	During this time what can I talk about with children? (topic and how it relates to children's lives and interests)	What open-ended questions can I ask to extend the conversation?	How can I expand on children's facial expressions, body language, gestures, vocalizations, and words?
