2.1. Program Acronyms

In order to limit the PIRs in the output to specific grant types, use the program acronym filter. Acronyms can be selected in any combination. For best results, however, align the selection of other filters consistently — for example, so that all Early Head Start programs are included, or only Migrant children are counted, etc.

Include PIRs from the following Head Start and/or Early Head Start grants:

СН	Region 01 – 10 grants and Interim grants
BF	Region 11 American Indian and Alaska Native (AIAN) birth to five grants
CI	Region 11 American Indian and Alaska Native (AIAN) grants
СМ	Region 12 Migrant and Seasonal Head Start (MSHS) grants

Include PIRs from the following Early Head Start Child Care Partnership EHS-CCP grants:

HP	Region 01 – 10 EHS-CCP grants
HI	Region 11 American Indian and Alaska Native (AIAN) EHS-CCP grants
НМ	Region 12 Migrant and Seasonal Head Start (MSHS) EHS-CCP grants

2.2. Program Types

The program filter can be selected in any combination to limit the PIRs in the output to specific program types: HS only, EHS only, Migrant HS only, and other combinations. For best results, care should be used to align selection of other filters consistently.

Include PIRs from the following program types:

HS	Head Start Programs from Region 01 – 10 grants and Interim grants
EHS	Early Head Start Programs from Region 01 – 10 grants and Interim grants
AIAN HS	Head Start Programs from Region 11 American Indian and Alaska Native grants
AIAN EHS	Early Head Start Programs from Region 11 American Indian and Alaska Native grants
Migrant HS	Head Start and Early Head Start Programs from Region 12 Migrant and Seasonal Head Start (MSHS) grants Note: These PIRs include both HS & EHS questions
