

Asking for Help

My name is _____ and I am _____ years old.
I go to preschool at _____.

There are so many fun things to do at school. We eat snack, play outside, play with toys, and more! Some of my favorite things to do are _____ and _____.

Most things at school I can do all by myself. Sometimes there are things at school that I am still learning to do on my own. All my friends at preschool are learning to do new things.

If I need help with something, I can ask a teacher or a friend. It is OK to ask for help. Some things I might ask for help with are _____ or _____.

I can ask for help by saying my teacher or friend's name to get their attention. When my teacher or friend is looking at me, I can say, "Can you help me please?" Then we can work together to get the job done!

It makes my teachers and friends happy when I ask for the help that I need!
