

Come join the CLRP Community on MyPeers!

The purpose of this community is to support the implementation of culturally and linguistically responsive practices through:

- Collaboration: Peer-to-peer sharing
- Dissemination: Distribution of knowledge and resources
- Creation: Guide the development of new products

We encourage Technical Assistance Providers, Head Start grantee staff, child care state administrators and other program personnel interested in culturally and linguistically responsive practices to join!

JOIN US FROM YOUR SMARTPHONE OR TABLET!

If you are new to MyPeers, you can register to join by going to the [MyPeers page](#) on the ECLKC website or by clicking on the hotlink: <http://www.123contactform.com/form-2230355/My-Peers>. Once you have access to the site, you will be able to add the CLRP community from the Communities tab.

Questions? Email ecdtl@ecetta.info

The overall goal is to promote a community where individuals feel safe to ask questions and receive useful feedback. As an informal social community, MyPeers is not the place for confidential conversations, advocacy, or policy clarifications. The Early Childhood Learning and Knowledge Center (ECLKC) remains the official information center of OHS. MyPeers users agree to the terms of service and code of conduct.
