

Operations and Algebraic Thinking, Video 1

Teacher: How many boys do I have?

Children: Three.

Teacher: Okay, I need Samantha and Emily over here, please. Thank you, girls. How many girls do I have?

Children: Two.

Teacher: I have -- do it with your fingers. Two girls and how many boys?

Boy: Five.

Teacher: Three. What if we put the boys and the girls together? How many children do I have now?

Children: Five.

Teacher: Five. Thank you very much. Good job. Thank you for your help. You may go back. How many boys do I have?

Girl: One, two, three, four, five.

Teacher: Let's --

Children: One, two, three, four.

Teacher: How many girls do I have?

Children: One.

Teacher: If I put boys and girls together, how many do I have?

Girl: One, two, three, four, five!

Teacher: Five. Four boys and one girl gives me?

Alma: Five.

Teacher: Five. Thank you, Miss Alma. Thank you for your help. Thank you very much.
